

Following in the Footsteps of Ernest Hemingway and 59 Additional Trout Fishing Stories

Review

Endorsements

“Contained between the covers is a treasure trove of prose to delight even the armchair anglers among us.” Eric Sharp, The Bayfield County Journal

“Hemingway would approve of Thurston’s work.” John Nolan, Outdoor Editor, Wisconsin State Journal

“One of the best Examples of fine outdoor writing.” Larry Meiller, Wisconsin Public Radio

“Thurston has made a science out of trout fishing. He describes the times of day trout feed at different times of the year, and reveals why.” Dave Wester, County Line

“Having read both your trout books I need to express my heart felt appreciation for the skills expressed in their pages.” Robert Bernard, Urbandale, Iowa

Product Description

This title is the fundamental book on trout fishing skills with 110 trout tips about where and when to fish trout. You will learn how to wade cautiously upstream in the blind spot of the trout. Why it’s best to fish under cloud cover. The best lure presentation to use for catching trout. Good techniques of catch and release to achieve 97% trout survival. You will learn where to find big trout, and the color trout like best.
